This certificate shall be executed and filed in triplicate with the Board covering each lease from which oil or gas is produced. A separate certificate shall be filed for each transporter authorized to transport oil or gas from a lease.

After said certificate has been approved, one copy shall be forwarded to the transporter; one copy returned to the producer, and one copy retained by the Board.

A new certificate shall be filed to cover each change in operating ownership and each change in the transporter, except that in the case of a temporary change in the transporter involving less than the allowable production for one month, if an allowable is set, the producer shall, in lieu of filing a new certificate, notify the Board, and the transporter authorized by certificate on file with said Board, by letter of the estimated amount of oil or gas to be moved by the transporter temporarily moving oil or gas from lease and the name of such temporary transporter and a copy of such notice shall also be furnished such temporary transporter. Such temporary transporter shall not move any more oil or gas than the estimated amount shown in said notice.

This certificate when properly executed and approved by the Board shall constitute an authorization to a pipe line or other carrier to transport oil or gas from the lease named therein and shall remain in full force and effect until —

A separate report shall be filed to cover each producing lease as designated by the Board.
