Docket No. 501-2012

Report of the Board

The above entitled cause came on regularly for hearing on the 11th day of October, 2012 at the Board's hearing room at its office at 2535 St. Johns Avenue in Billings Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.

2. Attorney Richard Beatty and owner Mac McDermott were present on behalf of MCR, LLC. Board Order 87-1999 approved formation of the Whitlash Northeast Swift Sand Unit Area on the lands shown in the caption in Liberty County, Montana. MCR, LLC has taken over all the original applicant's interests in the Unit Area and requests approval as the Unit Operator.

Original approval of the Unit was contingent upon submission, within six (6) months, of proof of joinder by at least 80 percent of cost bearing and non-cost bearing interest owners. MCR, LLC has received written approval of the Unit by at least 80 percent of all cost-bearing and cost-free interest owners.

3. Mr. Pascual Laborda of the Bureau of Land Management of the United States Department of the Interior was present to support the application.

4. The evidence indicates that granting the application in the manner hereinafter will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the plan for the Whitlash Northeast Swift Sand Unit Area is hereby approved, and that the stipulation included in Board Order 87-1999 to provide proof of joinder within 60 days is hereby eliminated.

IT IS FURTHER ORDERED that MCR, LLC is the Unit Operator for the Whitlash Northeast Swift Sand Unit Area, originally authorized in Board Order 87-1999 and comprised of the following lands in Liberty County, Montana:

TOWNSHIP 37N-RANGE 4E  
SECTION 1: LOTS 3 AND 4, N $\frac{1}{2}$ SW $\frac{1}{4}$

ORDER 453-2012

Docket No. 553-2012

Report of the Board

The above entitled cause came on regularly for hearing on the 11th day of October, 2012 at the Board's hearing room at its office at 2535 St. Johns Avenue in Billings Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.
2. At the hearing, applicant testified the permanent spacing unit is a correction section, with the eastern boundary being the North Dakota border.
3. The evidence indicates that granting the application in the manner hereinafter set forth will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that Slawson Exploration Company, Inc. is authorized to drill up to four additional horizontal Bakken/Three Forks Formation wells in the permanent spacing unit comprised of all of Section 32, T21N-R60E, Richland County, Montana, with all but the eastern-most well to be at any location not closer than 200' (heel/toe setback) and 660' (lateral setback) to the exterior boundaries thereof.

IT IS FURTHER ORDERED that the eastern-most well drilled in the spacing unit is authorized to be 500' from the North Dakota boundary

At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that all interests in the permanent spacing unit comprised of all of Sections 3 and 10, T26N-R54E, Richland County, Montana, are hereby pooled on a surface acreage participation basis for production of Bakken/Three Forks Formation oil and associated natural gas.

IT IS FURTHER ORDERED that recovery of all non-consent penalties in accordance with Section 82-11-202(2), M.C.A. with respect to the Kane 1-10H well is hereby authorized.

BOARD ORDER NO. 474-2012

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 11th day of October, 2012.

Report of the Board

The above entitled cause came on regularly for hearing on the 11th day of October, 2012 at the Board's hearing room at its office at 2535 St. Johns Avenue in Billings Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.
2. At the hearing, attorney Don Lee testified that Shale Bakken Investment Corporation is now Apache Western Exploration LLC.
3. Mike Muncy, geologist for Apache Western Exploration LLC (Apache) said the Bakken/Three Forks Formation is their primary goal. But if they are not successful in the Bakken/Three Forks they would like the flexibility to come up hole into the Ratcliffe Formation. While the 640-acre spacing they are requesting is statewide for the Ratcliffe Formation, the 200' heel/toe setback is not.
4. The basis for the requested setback exception is that the well will be drilled from a location selected to target an approved 200' setback for the entry point within the Bakken/Three Forks Interval. The toe setback is not limited by the well surface location and can be maintained at 660', which is consistent with the statewide drilling and temporary spacing rule.
5. Any potential impacts to interests offsetting the 200' heel setback can be evaluated at the time permanent spacing is requested.
6. Evidence indicates that granting the application in the manner hereinafter set forth will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that all of Section 4, T34N-R46E, Daniels County, Montana, is designated a temporary spacing unit to drill a horizontal Ratcliffe Formation well, said well to be located anywhere within said Section 4 but not closer than 200' (heel setback), 660' (toe setback) and 660' (lateral setback) to the boundaries thereof.

CORRECTED BOARD ORDER NO. 476-2012

ORDER 481-2012

Docket No. 607-2012 & 2-2013 FED

Report of the Board

The above entitled cause came on regularly for hearing on the 11th day of October, 2012 at the Board's hearing room at its office at 2535 St. Johns Avenue in Billings Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.
2. This application was protested by Continental Resources, Inc. (Continental) who also has an application before the Board (441-2012 and 41-2012 FED) to include Section 2, T27N-R53E in a three-section spacing unit. The three-section spacing unit proposed by Continental does not include Section 35, T28N-R53E.
3. Letters in support of the Samson Oil & Gas USA (Samson) application from the Fort Peck Tribes and the Fort Peck Energy Company were received by the Board and entered into the record.

4. Mr. Forrest Smith of Fort Peck Energy Company was present to testify in support of the Samson application, and stated that with Samson's proposal more trust minerals would be developed than with the Continental application.

5. Mr. Jim Canon of Continental stated if the Samson application were approved, the Continental lease in Section 2 would prohibit Samson from accessing its proposed well site in the S½ of said Section 2.

6. Pascual Laborda of the Bureau of Land Management (BLM) of the United States Department of the Interior testified that if the Board approved the Continental application instead of the Samson application, there would be no well drilled. The BLM will not approve the Continental application because it dilutes the percentage of Indian minerals that would be developed.

BOARD ORDER 481-2012

7. The evidence indicates that granting the application in the manner hereinafter set forth will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the temporary spacing units established by Board Order 350-2012 and Board Order 380-2011 (as it pertains to Sections 2 and 11, T27N-R53E, Richland and Roosevelt Counties, Montana) are hereby vacated.

IT IS FURTHER ORDERED that a new temporary spacing unit is established comprised of all of Section 35, T28N-R53E and all of Section 2, T27N-R53E, Richland and Roosevelt Counties, Montana, to drill a horizontal Bakken /Three Forks Formation well thereon at any location not closer than 200' (heel/toe setback) and 660' (lateral setback) to the boundaries thereof.

IT IS FURTHER ORDERED that a federal communitization agreement for spacing units which contain both federal and non-federal land shall be submitted to the authorized officer of the Bureau of Land Management prior to or upon completion of a producible well.

BEFORE THE BOARD OF OIL AND GAS CONSERVATION  
OF THE STATE OF MONTANA

UPON THE APPLICATION OF CIRQUE RESOURCES LP  
TO POOL ALL INTERESTS IN THE PERMANENT  
SPACING UNIT COMPRISED OF ALL OF SECTION 33,  
T11N-R32E, ROSEBUD COUNTY, MONTANA, FOR  
PRODUCTION OF OIL AND ASSOCIATED NATURAL  
GAS FROM THE HEATH FORMATION, AND TO  
AUTHORIZE RECOVERY OF NON-CONSENT PENALTIES  
IN ACCORDANCE WITH SECTION 82-11-202 (2), M.C.A.  
WITH RESPECT TO THE ROCK HAPPY #33-3H WELL.

ORDER 483-2012

Docket No. 272-2012

Report of the Board

The above entitled cause came on regularly for hearing on the 11th day of October, 2012 at the Board's hearing room at its office at 2535 St. Johns Avenue in Billings Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that all interests in the permanent spacing unit comprised of all of Section 33, T11N-R32E, Rosebud County, Montana, are hereby pooled on the basis of surface acreage for the production of oil and associated natural gas the Heath Formation.

IT IS FURTHER ORDERED that recovery of non-consent penalties in accordance with Section 82-11-202(2), M.C.A. with respect to the Rock Happy #33-3H well is hereby authorized.

BOARD ORDER NO. 483-2012

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 11th day of October, 2012.

UPON THE BOARD'S OWN MOTION TO REQUIRE  
NATIVE AMERICAN ENERGY GROUP, INC. TO  
APPEAR AND SHOW CAUSE, IF ANY IT HAS,  
WHY IT'S BOND SHOULD NOT BE FORFEITED  
FOR FAILURE TO CLEAN UP THE BEERY #2 WELL  
LOCATED IN THE S½NE¼ NE¼ OF SECTION 24,  
T23N-R49E, MCCONE COUNTY, MONTANA; AND  
FOR FAILURE TO PAY THE \$2000 FINE ASSESSED  
IN BOARD ORDER 301-2012.

ORDER 484-2012

Docket No. 609-2012

Report of the Board

The above entitled cause came on regularly for hearing on the 11th day of October, 2012 at the Board's hearing room at its office at 2535 St. Johns Avenue in Billings Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.

2. Because Native American Energy Group, Inc. did not clean-up the Beery #2 well site in the timeframe established by the Board, Chief Field Inspector Steve Sasaki made arrangements with a contractor (Hot Wheels Services) to have the surface issues cleaned up using the Board's damage mitigation funds as ordered in Board Order 365-2012. The cost of that work was \$13,000 and the cost of staff time lining up a contractor, supervising the work and doing the emergency contract was \$1395.12. As per Board Order 365-2012, Native American Energy Group, Inc. was to be billed for the costs incurred.

3. Mr. Raj Nanvaan, chief financial and operating officer, and Mr. Tony Johnson, engineer, were present for Native American Energy Group, Inc. Mr. Nanvaan presented a check for \$2000 for the fine assessed in Board Order 301-2012. He said they had wire transferred \$5000 to Hot Wheels Services and would remit the remaining balance (\$9395.12) to Hot Wheels within two days.

4. Board staff Jim Halvorson said there was now an additional \$100 fine due for delinquent production reports, and that the production reports needed to be submitted along with the fine.

5. The total amount owed to the Board for the cleanup, staff time, and the production report fine is \$14,495.12.

6. The evidence indicates that taking the following action will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that Native American Energy Group, Inc. shall present \$14,495.12 to the Board, along with the delinquent production reports, no later than Sunday, October 21, 2012 or its bond will be forfeited.

BOARD ORDER NO. 484-2012

IT IS FURTHER ORDERED that it is the responsibility of Native American Energy Group, Inc. to get a refund on the \$5000 that was wire transferred to Hot Wheels Services.

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 11th day of October, 2012.

ORDER 494-2012

Docket No. 540-2012

Report of the Board

The above entitled cause came on regularly for hearing on the 11th day of October, 2012 at the Board's hearing room at its office at 2535 St. Johns Avenue in Billings Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.

2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the application of Cirque Resources LP is hereby granted as applied for.

TO CREATE A TEMPORARY SPACING UNIT COMPRISED OF ALL OF SECTION 8, T23N-R52E, RICHLAND COUNTY, MONTANA, TO DRILL A HORIZONTAL BAKKEN/THREE FORKS FORMATION WELL ANYWHERE WITHIN SAID SPACING UNIT BUT NOT CLOSER THAN 200' (HEEL/TOE) AND 660' (LATERAL SETBACK) TO THE BOUNDARIES THEREOF. APPLICANT WILL APPLY FOR PERMANENT SPACING WITHIN 90 DAYS OF SUCCESSFUL WELL COMPLETION.

ORDER 507-2012

Docket No. 566-2012

Report of the Board

The above entitled cause came on regularly for hearing on the 11th day of October, 2012 at the Board's hearing room at its office at 2535 St. Johns Avenue in Billings Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.

2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the application of Slawson Exploration Company, Inc. is granted as applied for.

ORDER 519-2012

Docket No. 584-2012

Report of the Board

The above entitled cause came on regularly for hearing on the 11th day of October, 2012 at the Board's hearing room at its office at 2535 St. Johns Avenue in Billings Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its

consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.

2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the application of Continental Resources, Inc. is granted as applied for.

ORDER 531-2012

DOCKET NO. 610-2012

Report of the Board

The above entitled cause came on regularly for hearing on the 11th day of October, 2012 at the Board's hearing room at its office at 2535 St. Johns Avenue in Billings Montana, pursuant to the order of the Board of Oil

and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.
2. The delinquent production reports and \$340 administrative penalty were received.
3. The evidence indicates that taking the following action will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the show-cause hearing for McOil Montana One LLC is hereby dismissed.
