

BEFORE THE BOARD OF OIL AND GAS CONSERVATION
OF THE STATE OF MONTANA

UPON THE APPLICATION OF
LYCO ENERGY CORPORATION TO
DRILL AN ADDITIONAL HORIZONTAL
BAKKEN FORMATION WELL IN THE
PERMANENT SPACING UNIT
COMPRISED OF ALL OF SECTION 14,
T25N-R53E, RICHLAND COUNTY,
MONTANA, SAID WELL TO BE
LOCATED ANYWHERE WITHIN
SAID SPACING UNIT BUT NOT
CLOSER THAN 660 FEET TO THE
BOUNDARIES THEREOF.

ORDER NO. 71-2006

Docket No. 82-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 30th day of March, 2006 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the application of Lyco Energy Corporation is granted as applied for.

BOARD ORDER NO. 71-2006

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 30th day of March, 2006.

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the application of Wyoming Resources Corporation is granted as applied for.

BOARD ORDER NO. 84-2006

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 30th day of March, 2006.

BOARD OF OIL AND GAS CONSERVATION
OF THE STATE OF MONTANA

Linda Nelson, Chairman

Denzil Young, Vice-Chairman

Don Bradshaw, Board Member

Jack King, Board Member

Elaine Mitchell, Board Member

Wayne Smith, Board Member

Joan Stahl, Board Member

ATTEST:

Terri H. Perrigo, Executive Secretary

BEFORE THE BOARD OF OIL AND GAS CONSERVATION
OF THE STATE OF MONTANA

UPON THE APPLICATION OF
NANCE PETROLEUM CORPORATION TO
DESIGNATE ALL OF SECTION 17,
T24N-R57E, RICHLAND COUNTY,
MONTANA, AS A PERMANENT SPACING
UNIT FOR THE BAKKEN FORMATION,
AND TO DESIGNATE ITS LYLE PEDERSON
2-17H WELL AS THE AUTHORIZED WELL
FOR SAID PERMANENT SPACING UNIT.

ORDER NO. 85-2006

Docket No. 100-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 30th day of March, 2006 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that Section 17, T24N-R57E, Richland County, Montana, is designated a permanent spacing unit for the Bakken Formation, and that applicant's Lyle Pederson 2-17H well is designated as the authorized well for said permanent spacing unit.

Elaine Mitchell, Board Member

Wayne Smith, Board Member

Joan Stahl, Board Member

ATTEST:

Terri H. Perrigo, Executive Secretary

BEFORE THE BOARD OF OIL AND GAS CONSERVATION
OF THE STATE OF MONTANA

UPON THE APPLICATION OF
HEADINGTON OIL, LIMITED PARTNERSHIP
TO DRILL AN ADDITIONAL HORIZONTAL
BAKKEN FORMATION WELL IN THE
PERMANENT SPACING UNIT COMPRISED
OF ALL OF SECTIONS 13 AND 14,
T23N-R57E, RICHLAND COUNTY,
MONTANA, SAID WELL TO BE LOCATED
ANYWHERE WITHIN SAID SPACING UNIT
BUT NOT CLOSER THAN 660 FEET TO THE
BOUNDARIES THEREOF.

ORDER NO. 98-2006

Docket No. 113-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 30th day of March, 2006 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the application of Headington Oil, Limited Partnership is granted as applied for.

PRODUCTION.

ORDER NO. 102-2006

Docket No. 118-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 30th day of March, 2006 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. A protest letter was received from Wallace E. Elliot of Chinook, Montana, and was read into the record by the Chairman.
3. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that a 320-acre temporary spacing unit comprised of the S½ of Section 24, T33N-R18E, Blaine County, Montana, is created to drill applicant's ML&E Chinook 13-24 Eagle Formation natural gas test well in said Section 24.

IT IS FURTHER ORDERED that applicant apply for permanent spacing within ninety (90) days of first production if the well is capable of commercial production.

REASONS.

ORDER NO. 110-2006

Docket No. 127-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 30th day of March, 2006 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the application of J. Burns Brown Operating Company is granted as applied for.

MONTANA, FOR PRODUCTION OF
OIL AND ASSOCIATED NATURAL
GAS FROM THE BAKKEN
FORMATION.

ORDER NO. 124-2006

Docket No. 141-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 30th day of March, 2006 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that all of Sections 10 and 15, T25N-R55E, Richland County, Montana, are designated as a permanent spacing unit for production of oil and associated natural gas from the Bakken Formation.

ORDER 29-63.
(FRED & GEORGE CREEK FIELD)

ORDER NO. 133-2006

Docket No. 150-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 30th day of March, 2006 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Member Wayne Smith recused himself and took no further part in the proceedings on this matter. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. A protest letter regarding this application was received from the Bureau of Land Management (BLM) of the United States Department of the Interior. At the hearing, BLM representative Pascual Laborda said BLM agreed to withdraw its protest at this time; but could protest again at the permanent spacing hearing if it feels its correlative rights are affected by the proposed well.
3. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that Wave, USA, Inc. is authorized to drill an oil test well in the Sunburst Sand Formation at a location 800' FSL and 75' FWL of Section 24, T37N-R2E, Toole County, Montana, as an exception to A.R.M. 36.22.702 and Board Order 29-63.

IT IS FURTHER ORDERED that applicant shall return for permanent spacing within ninety (90) days of completion of a commercial well.

UPON THE APPLICATION OF
KLABZUBA OIL & GAS, INC. TO DRILL
AN ADDITIONAL EAGLE SAND/NIOBRARA
FORMATION GAS WELL IN THE
SPACING UNIT CONSISTING OF THE S½
OF SECTION 28 AND THE N½ OF
SECTION 33, T33N-R13E, HILL COUNTY,
MONTANA, AT A LOCATION 750' FNL
AND 2600' FWL OF SAID SECTION 33,
WITH A 100-FOOT TOPOGRAPHIC
TOLERANCE AS AN EXCEPTION TO
BOARD ORDER 246-2004. APPLICANT
ALSO REQUESTS AUTHORITY TO
COMMINGLE GAS FROM THE EAGLE
SAND AND NIOBRARA FORMATIONS
IF SAID WELL (THE REINOWSKI-STATE
#33-3-33-13B) IS SUCCESSFULLY COMPLETED.

ORDER NO. 137-2006

Docket No. 154-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 30th day of March, 2006 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the application of Klabzuba Oil & Gas, Inc. is granted as applied for.

ORDER NO. 145-2006

Docket No. 179-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 30th day of March, 2006 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. At the hearing, applicant amended its application to request that the current E½, 320-acre spacing in Section 4, T9N-R58E, Fallon County, Montana, authorized in Board Order 134-2003, be amended to designate two 160-acre spacing units with two wells authorized per each spacing unit. Applicant provided documentation that notice of the hearing on this application had been provided to all the mineral and other interest owners in the SE¼ of said Section 4.
3. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

BOARD ORDER NO. 145-2006

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that Board Order 134-2003 is hereby amended to designate the NE¼ and the SE¼ of Section 4, T9N-R58E, Fallon County, Montana, as separate 160-acre spacing units for production of Eagle Formation natural gas, with two wells authorized in each separate spacing unit.

DAYS OF FIRST PRODUCTION FOR ANY
COMMERCIAL WELL.

ORDER NO. 146-2006

Docket No. 180-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 30th day of March, 2006 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Member Jack King recused himself and took no further part in the proceedings on this matter. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. Two parties appeared at the hearing to protest this application: Mr. Loren J. O'Toole, II, Attorney, representing Nerdlihc Company, Inc.; and Mr. Fernande J. Fugere, representing himself.

BOARD ORDER NO. 146-2006

3. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the N $\frac{1}{2}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 24 and the W $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 25, T34N-R47E, Daniels County, Montana, are designated as separate 120-acre temporary spacing units to drill dual lateral horizontal Madison group oil wells within and upon each separate spacing unit, said wells to be located anywhere within said temporary spacing unit as long as both the entry point into the producing formation and bottom hole locations are not closer than 330 feet to the boundaries thereof.

IT IS FURTHER ORDERED that the temporary spacing units and set back requirements be applicable to any up-hole zone, horizon, or formation if commercial quantities are encountered during drilling operations; and that applicant shall apply for permanent spacing within ninety (90) days of first production for any commercial well.

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 30th day of March, 2006.

Docket No. 182-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 30th day of March, 2006 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that all interests in the spacing unit comprised of the NW ¼ of Section 35, T31N-R58E, Sheridan County, Montana, are hereby pooled for production of oil and associated natural gas from the Madison group; and that Forest Oil Corporation is authorized to recover non-consent penalties as provided for in Section 82-11-202 (2), M.C.A.

BOARD ORDER NO. 148-2006

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 30th day of March, 2006.

ORDER NO. 149-2006

Docket No. 183-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 30th day of March, 2006 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Member Jack King recused himself and took no further part in the proceedings on this matter. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the SE¼ of Section 3, T7S-R21E, Carbon County, Montana, is designated a permanent spacing unit for production of Frontier Formation gas from the Robinson #23 well located in the NE¼SE¼ of said Section 3.
